

TRANSIT & RAIL

TRANSIT & RAIL

HNTB is the trusted adviser and provider of innovative transit and rail solutions to the nation's largest transit authorities and railroads.

Our work spans many of the most complex and innovative transit projects from coast-to-coast and encompasses every component of rail transportation systems.

Engineering News-Record | **Mass Transit & Rail: No. 5**
Roads & Bridges | **Mass Transit & Rail: No. 1**

Transit & Rail projects include:

- San Francisco BART Station (California)
- Amtrak Chicago Yard (Illinois)
